**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing to you in support of the 1996 Telecommunications Act and support broadband competition. I have been a customer of Sonic.net since 2014 with DSL technology and we will never look back to AT&T our previous provider. The prices we paid to AT&T were exorbitant, customer service was severely lacking and our internet speed was atrociously slow. We also had a 2nd communications carrier for our long distance to try and get the best rates. When we had the opportunity to switch to Sonic.net, we saved so much money and have an excellent phone service that allowed us to cancel our AT&T and Sprint accounts. In 2016 Sonic provided us with gigabit fiber at a competitive price and we couldn't be happier. We, the American people, should continue to have a right to choose our internet and communication providers and having the best service available that meets our needs.
